DEPARTMENT OF CLASSICS
AND ANCIENT HISTORY

10 March 1985

Dear Professor Inan,

I am just writing to confirm the arrangements for the survey at Cremna in July. I have had no news yet from the Eski Eserler ve Müzeler Geffel Müdürlüğü, but I assume that they are processing my application for a permit. I wonder if you could make sure that appropriate steps are taken to see that Adnan Şakar and Dr Ulkü Izmiriligil's names also go forward to the General Directorate of Antiquities so that they too can be included in the permit.

My applications for funds have so far been successful. I have received grants from the Roman Society, the Craven Committee of Oxford University, and the British Institute of Archaeology at Ankara. I am now waiting for news from the British Academy. I have decided to try and buy a twelve-seater minivan in England and to drive out with the British members of the team on about 25 June. If Adnan Şakar needs any transport for himself or his equipment from Istanbul to the site, we can obviously provide it.

When we talked about the project in Antalya last September, you said that you might be able to help me find accommodation in one of the villages beside the site by putting me in contact with people who had helped you there at the time of your excavation. If you could send me their name, or names, I can write to them directly myself. I shall not be coming to the 7th Excavation symposium in Ankara at the end of May myself, since it clashes with University examinations here in Swansea, but my colleague and co-director, Dr Marc Waelkens, will be there, and I hope that you can discuss any outstanding problems with him.

I hope that all is going well with your own plans for the summer, and look forward to seeing you again. We hope to arrive in Turkey round about July 1st, and to stay until August 5th.

With best wishes,
yours sincerely,

Stephen Mitchell
