Dear Suha and Feza:

We just got back from 2 weeks in California (the sunny desert and Pasadena) thereby missing one of the coldest spells in New York history. We were happy and contented and smug.

Then we started reading the accumulated mail, and when we came to Suha's note we were glad to read that a decision about your trip was coming up soon.

But then came the blow. TD showed us Feza's letter. Since we only thought it was a decision between 1963 and 1964, we were surprised that it also was a decision between Columbia and Princeton. My heart is broken. Have you definitely accepted the Institute? That part was not explicit although implied. Since this was Feza's decision, I can't even get into the act as much as Suha, but we are very sad about it.

The only consolation is that Princeton is so close to NYC, we know we will see a lot of you both, but damn it, not as much as if you were around the corner Boo Hoo!

The Lees are in their apartment and it looks lovely. They were very fast about decorating and they have fine space, and very good taste.

I called Pat as soon as we got back. She was out and I spoke to her mother. Things are much better, it seems. She has accepted a part-time job from Bronk at the Institute and intends to move back to

Baltimore after July, but continue the job from there. I will try to see her next week.

Thanks for the recipes. I will try them as soon as I catch my breath.

Glad the New Yorkers finally came.

Now, a million errands to do, so this will have to be short.

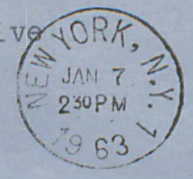

So glad that you will be in the US in 1963, but so sad it won't be at Columbia.

Love Love
